# reshadow / examples / css-modules

```
import styled from 'reshadow'  
import styles from './styles.css'
```

```
export const Button = ({  
  children,  
  ... props  
}) => styled(styles)(  
  <button { ... props}>  
    {children}  
  </button>  
);
```

```
button {  
  font-size: 16px;  
  cursor: pointer;  
  padding: 10px 15px;  
  border-radius: 20px;  
  border: 2px solid;  
  background-color: white;  
  color: steelblue;  
}
```
